

PARENT FUNDED 1:1 IPADS

Rationale • Hardware • Set Up • Care • Responsibilities • Agreement

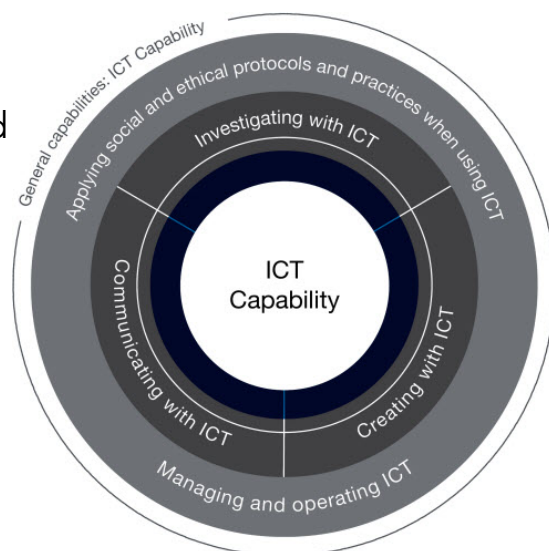

Rationale

The ICT capability overarches Western Australian Curriculum and prepares students to “participate in a knowledge-based economy and to be empowered within a technologically sophisticated society”.

Our vision for Atwell students is to build well-rounded citizens with a passion for lifelong learning. To accomplish this vision we intend for our students to be engaged 21st Century learners who use technology as a tool for learning.

Our students use technology to learn in all areas and develop the 21st Century learning skills of critical thinking, creativity, communication and collaboration so that they can live and work successfully in today’s world.

ATWELL PRIMARY SCHOOL

Together we aspire, Together we achieve

 **Our Atwell Vision**

Building well rounded citizens with a passion for lifelong learning.

 **Our Atwell Values**

| | |
|--|---|
| <p>Respect and Understanding Treat ourselves, others and our environment with care</p> <p>Personal Excellence Try your best to achieve your goals</p> <p>Freedom Respect the rules and rights of others</p> | <p>Inclusion and Fair Go Treat others the way you want to be treated</p> <p>Resilience Learn from your mistakes</p> <p>Sustainability Respect nature for all generations</p> |
|--|---|

 **Our Atwell Ethos**

We promote an environment where students learn to take responsibility for their actions, respect and value diversity, and see themselves as global citizens who can contribute to a more peaceful, just and sustainable world.

To achieve our vision the best model of teaching and learning where each student has their own device maximising the opportunity for them to be used. We selected iPad due to a combination of ease of use, familiarity, security, support and range of available software.

In 2020 students in Year 3 - 5 will be required to bring an iPad meeting the specifications outlined below to school. Students in Year 6 will be invited to bring their own device in 2020 and will be required to do so in 2021.

Hardware

We recommend the iPad 10.2-inch iPad Wi-Fi 128GB (7th Generation).

The 128GB storage capacity is recommended since the required apps and the iPad software take up quite a lot of space leaving limited space for student work. The 32GB model, while acceptable may make it necessary for students to delete media regularly.

Existing devices

If you already own an iPad you may use that as long as it is able to run the latest version of iOS (iOS 13) and has enough storage to install and use the required apps. Acceptable models are the iPad Air 2 32GB or higher, iPad 9.7-inch 5th or 6th Generation, the iPad mini 3rd Generation 32GB or higher and all models of iPad Pro. If you are unsure please contact the school.

Where a device has a mobile data (cellular) capability this is to be disabled while at school.

Purchasing

You may choose to purchase from any retailer, however Atwell Primary School has partnered with Winthrop Technology and JB HiFi to offer iPads at a discounted, educational price. Both companies offer extended warranties and insurance and it is recommended that parents consider these when purchasing devices. The price of the 128GB model is \$603 and the 32GB model is \$466.

JB HiFi: <https://www.jbeducation.com.au/byod> (Password ATWELL2020)

Accessories

It is a requirement that parents purchase a suitable protective case for the iPad and provide a pair of sound limited over-ear headphones.

We recommend the purchase of either the Logitech Crayon or Apple Pencil to enable digital inking with the iPad.

Set Up

Rather than select single use apps we have selected a range of apps that allow students to be creative, develop a broad range of technology skills, work collaboratively and apply critical thinking.

Parents are responsible for installing the required apps on their child's iPad. This may be done by creating an AppleID and visiting the App Store on the device. To create an AppleID visit <https://appleid.apple.com/>

Please create a child AppleID prior to installing apps on the iPad to enable parental controls and keep your information separate to your child's. Visit <https://support.apple.com/en-au/HT201084> for more information.

If you need assistance with this process, please call Apple Support on 1300 760 237 and enter PIN 2961. This is Apple's corporate support and is provide by the Department of Education. It may be accessed 24 hours a day.

The list of required apps will be made available with links on the school's website and is also available in print upon request.

Care and Consideration

While the iPad remains the property of the student, parents and students must agree to the terms of the acceptable use agreement. The device is not to be used for any activity that is not directly and explicitly endorsed by the school and its staff.

The school and the Department of Education are not responsible for any loss or damage to student owned devices therefore it is important for the device to be insured. When not in use iPads will be secured in locked classrooms.

Responsibilities

Student responsibilities

- As part of the Atwell Primary School 1:1 program students will:
- Ensure their device is brought to school charged each day
- Ensure that their device has sufficient space for school activities
- Use their device in accordance with the school's acceptable usage policy
- Report any damage to their device
- Ensure that their device is stored securely in a designated area at school when not in use
- Follow all teacher directions concerning their iPad

Parent/Guardian responsibilities

- Ensure that their child's iPad is in good working order and is free of damage
- Set up an AppleID for their child as per Apple's support document: <https://support.apple.com/en-au/HT201084>
- Ensure that the iPad has the required apps installed
- Support and reinforce the school's acceptable usage policy
- Access cybersafety resources and take part in the school's cybersafety program
- Keep the iPad operating system and apps up-to-date

School responsibilities

- Ensure that all staff are trained in using common apps and platforms
- Provide cybersafety resources for parents and students
- Integrate ICT into the curriculum to maximise learning opportunities for students

Student iPad Agreement

Students must read and sign the One-to-one Student Agreement in the presence of a parent or guardian.

I understand and agree that I will:

- Bring my device to school each day fully charged
- Use my device only with my teacher's permission
- Only access the school's internet service when at school
- Keep my iPad in its case at all times
- Keep my iPad in the classroom at all times when at school unless otherwise instructed by the teacher
- Respect the copyright of media and text that I locate online
- Not access, share or create inappropriate content on my iPad
- Report any inappropriate behaviour or material to my teacher
- Be cybersafe and will not use my device to bully
- Provide my iPad for inspection by a member of staff at any time
- Keep my login information private
- Be responsible for any damage or loss of my iPad caused by not following the Acceptable Use Agreement or the Student iPad Agreement

I agree that I will follow Atwell Primary School's iPad Student Agreement
